Upgrade the look of your stand with quality wall panels and raised flooring with edging

Our walling panels offer you a more professional and permanent look to your booth than standard exhibition walling. Each panel is 1m wide x 2.4m high and can be branded with your company or brand logos, painted to suit your company corporate colors, feature shelving or a full graphic panel to add that WOW factor to your stand.

Our raised flooring is available in white or beech (light timber color) and includes a stainless steel edge to suit your stand size. Basic furniture hire is also available for your stand (stools, counters etc).

Variations of the concept drawings below are available.

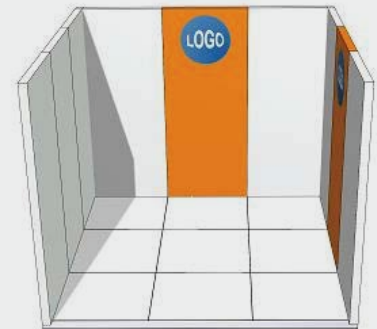

3m x 3m Corner Stand \$3,500 + GST

Concept drawing shown with:

- 6 white walling panels
- 2 vinyl cut lettering company names
- 5 shelves
- Raised white flooring with edging
- 4 x arm lights

3m x 3m Middle Stand \$3,800 + GST
